APPLY TO USF IN 4 EASY STEPS

1 Submit Application

Complete the USF **institution application** or through the **Common App**.

2 Pay Application Fee

Pay the nonrefundable $30 application fee (if you have not done so already) or submit an ACT/SAT application fee waiver to **admissions@usf.edu**. If the application fee was not paid at the time of application submission, you may pay it online through the **Applicant Portal**.

NOTE: We will waive your admissions application fee based on the receipt of an original ACT or SAT Request for Deferral/Waiver of College Admission Application Fee Waiver Form. Typically, you secure this via your high school guidance counselor, who will send it to USF on your behalf.

3 Complete the Student Self-Reported Academic Record (SSAR)

After applying to USF and activating your NetID, you will be able to access the SSAR portal through the Applicant Portal.

You will self-report your relevant coursework and grades to USF for admission consideration. Please fill out and submit all information requested within the SSAR portal to be considered for admission.

After submitting your SSAR, if you need to edit any information, please reach out to **admissions@usf.edu**.

NOTE: If you choose to enroll at USF, you are required to submit your official final High School transcript no later than the one week prior to the start of your term. Failure to submit transcripts in a timely manner may cause a delay in processing financial aid and registering for classes.
